CLINTON NURSERIES

CLINTON, CONN.

HARDY PLANTS A SPECIALTY

To Our Customers and Friends

HARDY PERENNIALS are our specialty. All goods that we offer are grown in our own Nurseries. We promise satisfaction and if our Patrons are not satisfied with our goods we want to know about it. Our prices are the lowest possible consistent with the best quality of goods.

We carry in stock many varieties which we do not catalog, and solicit inquiries regarding any plant grown in this country.

Should you not know just what plants or flowers are best suited for your particular needs, we will be glad to help you with advice regarding best kinds and varieties for your requirements or if you will give us location and size of grounds you wish to ornament, will cheerfully assist with our expert experience in Landscape Gardening.

Cordially yours,

WARREN W. RICHARDS,
Clinton Nurseries

Business Terms and Suggestions

ORDER EARLY. NOW IS THE TIME TO ORDER for spring planting. Early ordering will give you a better choice of plants and give us more time for selection. Please write orders on Order Sheets accompanying the catalog.

PACKING AND SHIPPING. All goods are packed by experienced packers and no charge is made for boxes or packing. We will ship by parcel post, express or freight, whichever we think is best unless otherwise notified.

WE PREPAY ALL CHARGES TO DESTINATION when cash is sent with an order of \$5.00 or more. Less than that 16% should be added east of the Mississippi. West of the Mississippi we do not pay charges.

Remittance should be made by Bank Check, Post Office

Money Order or Express Money Orders, which should accompany the order. When it is not possible to obtain these the letter should be registered. Stamps will be found a convenient method for small amounts.

GUARANTEE. We guarantee all our bulbs, roots or plants to be true to name, and we will replace any Bulbs, Roots or Plants if found otherwise.

CORRESPONDENCE. We give every inquiry prompt attention as near as possible.

We offer 6 Bulbs or Plants at the dozen rate; 25 at the 100 rate.

Should you wish them in larger quantity we will be glad to quote prices.

Hardy Perennials

Ye Old Fashioned Garden Plants

Old Fashioned Hardy Garden Flowers are our Specialty, therefore, we take a great interest in them and wish our patrons would take as much interest as they are becoming more and more popular every day. Their popularity is not at all surprising when we consider the many varied and pleasant changes which take place throughout the entire growing season in a well arranged border. The Hardy Perennials are the first to show flowers in early April, sometimes before the snow has entirely disappeared and continue throughout the summer without a stop until late fall, or when the freezing weather will stop such persistent late-blooming kinds as Chrysanthemum, pompon kinds, Gaillardias, Eupatorium, Coreopsis and many other kinds which could be mentioned.

Many not thoroughly familiar with this class of plants believe that a pot grown plant is more likely to live. We offer field grown clumps which have several shoots to each plant and have lived out in the open one winter, while the pot grown plant, as a rule, has but one shoot, consequently its blooms will not be as large or numerous.

One wonderful thing about Hardy Perennials—when they are once planted your job is done and if planted in a border—it is a permanent one. We make you a very special offer of the following:

A border 25 feet long and 4 feet wide including 70 strong plants of the best varieties and blending colors covering the blooming season. Regular price, \$16.00. The Clinton Nurseries makes you a SPECIAL OFFER if ordered as a unit, charges prepaid, \$12.50, except west of the Mississippi where charges are collect.

PRICE: Any of the following Hardy Perennials, 25c each; \$2.50 a doz.; \$18.00 per 100 unless otherwise noted.

ACONITUM (Monkshood or Helmet Flower), Fischeri.

A dwarf variety growing 18 inches tall with a bushy form and are invaluable for planting in shady positions. Pale blue flowers in September and October.

ACHILLEA (Millefoil), The Pearl. Pure white flowers borne in the greatest profusion the entire summer on strong erect stems 2 feet high; very valuable as a summer cut flower.

AGROSTEMMA (Rose Campion), Coronaria. Strong erect growing stems with a silvery foliage, producing flowers during June and July. Color bright rosy-crimson; 2½ to 3 feet. Each, 30c; doz., \$3.00.

Long Spurred Aquilegia—Columbine

Achillea—The Pearl

ANTHEMIS (Marguerite), Kelwayi. A very satisfactory summer flowering perennial succeeding in the poorest soil and blooms profusely, bearing golden-yellow, daisy like flowers continuously during the entire summer.

ANEMONE (Mad Wort), Saxatile Compactum. Very often called basket of gold. An indispensable plant for the rocky or border, growing 1 foot high producing in May flat heads of bright yellow flowers.

ANCHUSA ITALICA. (The improved Italian Alkanet or Bugloss). Dropmore variety. The Dropmore variety of Anchusa is placed in the front rank of Perennials. It is covered with rich gentian blue flowers all during the months of May and June. These plants form branches which grow 3 to 5 feet high, each branch terminated by a large, pyramidal, graceful spike. While the habit of the plant is strong and vigorous, it is not coarse. Very effective, either in a border or in solid beds. Each, 35c; doz., \$3.50.

ARABIS (Rock Cress), Alpina. One of the earliest and most desirable spring flowering plants that is especially adapted for edging or for the rock garden. It forms a dense carpet and becomes covered with small white flowers that look like snow. It is good for cutting and lasts a long time in bloom.

AQUILEGIA (Columbine). The Columbines are one of the most elegant of hardy plants. The spikes running from 2 to 3 feet in the air above the beautiful divided foliage. They are very irregular and should be planted when stiffness needs to be taken out of the formal planting. It is very generous of its bloom and especially adapted for cut flowers. They flower in late spring and early summer months. We could offer many sorts but have sifted it down to two distinct varieties.

Long Spurred. This is a highly admired type of Columbine. The plants are of strong, thrifty growth. The flowers of largest size vary in color through charming tones of cream, pink, lavender, blue, etc., hardly any two alike.

Orchid Shades. This variety has all the qualities of the long spurred but differs in color. These have some magnificent colors. The flower extends over the foliage and has a very airy grace about it, being of Orchid shades. Each, 35c; doz., \$3.00.

Hardy Flowering Asters

ASTER. (Hardy Fall Flowering.) These are among the showiest fall flowering Asters, having a great variety of color and growing 4 feet in height.

BELLIS PERENNIS (English Daisy). Improved double flowering. We offer them in two shades—white and pink.

BOLTONIA (False Chamomile). Flowers during summer and autumn months and with its thousands of flowers opening at the same time produces a very showy effect. Color pure white; 5 to 7 feet.

CARNATIONS. (Hardy border.) This is a special strain of choice mixed seedlings. They furnish an abundance of flowers in all colors.

CENTAUREA (Perennial Corn Flower). A very popular variety of very fine form and produces a wealth of bloom. Not only valuable in a border but also as a cut flower, growing 2 feet high, bearing large violet-blue flowers from July to September.

CAMPANULAS or **BELLFLOWERS.** These plants are second to none for beauty in the border or in beds by themselves. They like a good, rich soil and last longer in bloom if planted in a half shady place. All of these tall growing kinds, ranging from 2 to 3 feet, should be staked to prevent injury from winds.

Medium Single. This is a very popular variety and we offer it in two distinct colors—dark blue and rose.

Medium Calycanthema. (Cup and Sancer type.) The flowers are double in form and are very popular. We offer in two colors—blue and rose.

CERASTIUM (Snow in Summer). **Tomentosum.** Fine edging plant or for the rockery, carpeting, etc. Excellent for covering graves; silver foliage; 6 inches.

CHRYSANTHEMUM. One of the most popular for bedding. They produce flowers late in the fall when the frost has killed the other flowers. The following varieties are perfectly hardy.

Pompon. Very popular as cut flowers as well as for the border. We offer them in four distinct colors—bronze, purple, red and white.

Shasta Daisy. (Alaska.) Decided improvement over the original. Flowers are pure, glistening white, 4 to 5 inches in diameter, deep yellow center. Very free flowering blooming from June until fall.

COREOPSIS. *lanceolata Grandiflora.* Very valuable for cutting, blooming during the entire summer and autumn. Rich golden-yellow.

DELPHINIUM. (Hardy Larkspur.) These differ from the others in their appealing charm. Two or three crops of flowers can be gotten from them if, after the first crop, they are cut close to the ground so as to give the new, little shoots a chance.

Belladonna. A very free and continuous bloomer, never being without flowers from June until frost; turquoise-blue.

Gold Medal Hybrids. Unquestionably the finest strain of mixed hybrids offered anywhere. The original stock came from England and consists of the best named varieties. We can only offer them in mixture.

DIELYTRA (Bleeding Heart). An old-fashioned favorite. Graceful heart-shaped flowers. Blooms May and June. This variety is very scarce and is especially valuable for planting in the shade. Strong clumps. **Each, 50c; doz., \$5.00.**

DIGITALIS (Foxglove). Dignified and stately spikes running up to 4-6 feet in height, the spike being smothered with bell-like flowers.

Mammoth or Monstrous. Spotted varieties in all colors.

DIANTHUS. (Hardy Pinks.) These flower early in the spring until autumn. Old favorites bearing their sweet scented flowers in great profusion. Height, 1 ft.

Latifolius Atrococcineus fl. pl. This is a double flowering Pink, fine for bedding; color brilliant fiery crimson.

Plumarius Semperflorens. The real old-fashioned grass pink; large sized flowers and a sweet clove scented odor; all colors.

EUPATORIUM. *Ageratoides.* A useful border plant; fine for cutting; large heads of white flowers.

GAILLARDIA (Blanket Flower). *Grandiflora.* One of the showiest hardy plants, about two feet in height; starting bloom in June, continuing throughout the entire season. Dark red-brown center with a perianth of brilliant crimson orange and vermillion. Fine cut flower.

Chrysanthemum

GYPHOPHILA (Baby's Breath). *Paniculata*. Blooms in July and August; 2 to 3 feet in height; bears pure white flowers; good cut flower.

HELIOPSIS. (*Orange Sunflower.*) *Pitcheriana*. Flowers of beautiful deep golden-yellow, 3 inches in diameter, of very thick texture and useful cut flower.

HEMEROCALLIS (Golden Day Lily). *Fulva*. Coppery orange; grows 4 to 5 feet; blooms June and July.

HOLLYHOCK. We have in our Nurseries a wonderful strain of Hollyhocks. They grow 6 to 8 feet high and are very necessary for the old-fashioned garden. They make a very showy effect.

Double Maroon Double Red Double Rose
Double White Double Yellow Double Mixed

Newport Pink. One of the best Hollyhocks which has been awarded a certificate of merit by the Royal Horticultural Society of England. Very double, pure pink flowers.

Allegheny. These flowers have fringed petals; free growers. The color varies from shrimp pink to deep red. Mixed colors.

Single. Some prefer the single varieties which we offer in mixed; but can also supply the different colors if preferred.

HIBISCUS. (*Mallow*). Flowers of large size in various colors; makes a fine border plant.

IBERIS. (*Hardy Candytuft*.) *Sempervirens*. Very fine dwarf plant for edging. Heads of pure white; flowers early spring.

IRIS. (*Germanica*.) This is an old stand-by. We offer them in mixed varieties containing the following colors: Purple, yellow, white, lavender. Each, 20c; doz., \$2.00; 100, \$15.00.

Japanese Iris. We have undoubtedly one of the finest collections of Japanese Iris that can be gotten. They come into bloom about middle of June and bloom for a month or more. Flowers very large.

Pyramid Kumo No Isho Gold Bound
Nashava Hans Oni Helen Von Sie Bold

We offer the above only in the form of a collection. Each one contains a different, distinct color. Prices:

1 of each of the above named Japanese Iris (6 plants) \$1.75
3 of each of the above named Japanese Iris (18 plants) 5.00
6 of each of the above named Japanese Iris (36 plants) 9.50

LAVANDULA (Lavender). *Vera*. This is the only true, sweet lavender-blue flower; very fragrant; July and August.

Liatris. *Blazing Star*. Dense spikes of rosy purple, blooms in July and August; 4 to 6 feet.

LUPINUS. *Polyphyllus*. Effective plants, producing large spikes of flowers. Keep watered in dry weather; 3 feet; blue. Each, 50c; doz., \$5.00.

MONARDA (Bee Balm). These plants are very effective, growing 2 to 3 feet; flowers during July and August; bright crimson scarlet.

MYOSOTIS (Forget-Me-Not). Very good for edging in the border. Useful in shady places. Each, 20c; doz., \$2.00.

PHLOX. (*Perennial Phlox*.) Phlox is one of the most important perennials. It flowers through a long season and will last many years with a reasonable amount of cultivation.

Heacon. Tall variety; brilliant cherry-red. Each, 30c; doz., \$3.00.

Rheinlander. Medium tall; salmon-pink; large. Each, 30c; doz., \$3.00.

Louise Abbeana. Large flowering dwarf; pure white. Each, 25c; doz., \$2.50.

PENTSTEMON (Beard Tongue). We offer this in a mixture of the finest colors, large, long spikes, 2 to 3 feet.

PHYSOSTEGIA (False Dragon Head). *Alba*. One of the most beautiful perennials, 4 to 6 feet, bearing long spikes of pure white flowers.

PLATYCODON (Balloon Flower or Japanese Bell Flower). They are closely allied to the Campanula; 2 to 3 feet high; July and August.

Grandiflora. Deep blue cupped, star shaped flowers.

Album. White flowering form of the above.

POPPIES (Papaver). These are hardy Poppies—Oriental (Oriental Poppies). One of the most popular Poppies, growing 2 to 3 feet in height and have a very large flower in cup form. We offer them in mixed colors, ranging from salmon-pink to deep crimson. Each, 30c; doz., \$3.00; 100, \$20.00.

Island Poppies. These plants are of very neat habit and are smaller than the above.

Japanese Iris

PARETHEMUM HAIRIDEM. It is impossible to keep in different colors, but this strain is especially good and contains some of the most beautiful colors, varying from deep red through the shades of rose to pure white. Very fine for the border or cutting. Single flowering. 2 feet.

SCABIOSA. *Caucasica*. Soft shade of lavender. Blooms from June until September. 18 inches to 2 feet. Fine border plant and for a cut flower.

STATICE LATIFOLIA. (*Sea Lavender*.) Very valuable plant for the rockery. Dense branching plumes of deep blue flowers. July and August.

SWEET WILLIAMS (Dianthus Barbatus). A well known attractive free flowering Hardy Perennial, producing early in the summer a splendid effect in the border or solid beds. We offer the following strain from selected seeds.

Single Varieties. Velvety maroon, white, crimson, scarlet, mixed.

Double Varieties. Double mixed, Giant Double.

Scarlet Beauty. Rich, deep scarlet, very effective.

Newport Pink. The prettiest color of Sweet Williams—salmon or watermelon pink.

All of the above—Each, 20c; doz., \$2.00; 100 \$14.00.

VIOLA. (*Tufted Pansies*.) Flowers not as large as those of the pansies but have very brilliant colors and perfectly hardy. Deep purplish blue.

About Border Plants

It takes approximately 70 plants to fill a border 25 feet long and 4 feet wide. On that little table you can figure how many plants you need for your hardy border this year. Don't wait—PLANT THAT BORDER NOW—remember that you won't have to plant it again next year, it is going to stay there.

OUR SPECIAL COLLECTION FOR THOSE NOT FAMILIAR WITH THIS TYPE OF PLANTS

A border 25 feet long and 4 feet wide, including 70 strong plants of the best varieties and blending colors covering the blooming season. Strictly our selection. Regular price, \$16.00. The Clinton Nurseries makes you a SPECIAL OFFER, if ordered as a unit, \$12.50. Charges prepaid except west of the Mississippi where charges are collect. Twice the amount (140 plants) \$24.00.

Greenhouse or Bedding Plants

We could offer many more varieties of Annuals than listed, but we are confining ourselves to the most popular.

ANTHRINUM (Snapdragon). Very popular plants for bedding and for cutting. Color pink. **Doz., \$1.00.**

ASTER. Superb Late Branching. The best type of Aster for the amateur. Strong, robust plants 2½ feet in height. Flowers average 5 inches across in three distinct colors—blue, rose-pink, crimson. **Doz., 80c.**

BEGONIA (Semperflorens). Undoubtedly the best bedding plants for semi-shade positions. Color, delicate pink. **Each., 15c; doz., \$1.50.**

CALENDULA. Orange King. Selected strain, large, double flowering, averaging 3 inches in diameter. Fine for cutting. **Doz., 80c.**

CALLIOPSIS. Crown of Gold. Make fine cut flowers for the table. Large golden-yellow. **Doz., 75c.**

COLEUS. (Foliage Plant.) It has a very beautiful foliage. Excellent edging plant, three distinct colors—red, yellow, variegated. **Doz., 75c.**

COSMOS. Early Flowering, Double Mixed. A new strain very double and a great assortment of colors, very early. **Each, 12c; doz., \$1.00.**

Extra Early Colossal. Mixed colors. Single. **Doz., 75c.**
Autumn Flowering Giant. Mixed. **Doz., 75c.**

CHRYSANTHEMUM. The Sultan. These are of very easy culture and have become very popular as a cut flower. Rich red. **Doz., 75c.**

DAHLIA. We offer a very fine strain of extra fine mixed Dahlias. Strong growers, variety of color. **Each, 30c; doz., \$3.00.**

HELIOTROPE. A very fine plant for bedding or edging. **Each, 15c; doz., \$1.50.**

GERANIUM. This is, of course, the most popular bedding plant in the spring. We offer you three distinct colors—red, crimson and salmon-pink. 2½ in. pots, \$2.00 a doz.; 3 in. pots, 25c each. \$2.50 doz.

MARIGOLD. French Hybrid. Double and most popular Marigold. Fine for both bedding and cutting. **Doz., 75c.**

MIGNONETTE. Goliath. A red variety of Mignonette and very sweet scented. It can be used for bedding or borders. **Doz., 75c.**

PETUNIAS. Harvard Star. Rich crimson Maroon. It is undoubtedly the best bedding Petunia in existence. **Doz., 80c.**

SALPIGLOSSIS. Very useful as a flowering annual and has very showy flowers. **Doz., 75c.**

SALVIA. (Scarlet Sage.) Splendens America. Earliest freest bloomer of all scarlet sage, blooms all summer; immense spikes of brilliant scarlet flowers growing 2 feet high. **Doz., \$1.00.**

Coleus

PANSIES. Large flowering; beautiful collection of different colors. **Doz., 50c; 100, \$3.50.**

SCABIOSA. This variety is an improved large flowering sort, being very desirable as a summer cut flower and for bedding. **Doz., 75c.**

VERBENAS. Mammoth. A special strain of mammoth Verbena in a great variety of color. **Doz., \$1.00.**

ZINNIAS. (Youth and Old Age.) Giant Double. An extra large flowering strain, 3 feet with colossal flowers, mixed. **Each, 12c; doz., \$1.00.**

All of these Annuals are strong pot-grown plants.

Any variety can be bought at the 100 rate as follows:

\$0.75 to		
.80 a doz.—\$6.00 per 100	\$1.00 a doz.—\$7.00 per 100	
1.50 a doz.—10.00 per 100	2.00 a doz.—15.00 per 100	
2.50 a doz.—18.00 per 100	3.00 a doz.—20.00 per 100	

America's Most Popular Gladioli

We take great pleasure in offering the following most popular Gladioli in America. The varieties we offer are not only splendid for the garden but are second to none for their use as a cut-flower, lasting ten days or more after they are cut and placed in water which should be changed daily. To prove the increased popularity of these bulbs, we can safely say that thousands are planted now where dozens were in the past.

We ship nothing but large bulbs grown in our own Nurseries at Clinton, Connecticut.

AMERICA. Conceded to be one of the finest varieties for cutting or bedding ever sent out; color delicate lavender pink flowers of large size. **Each, 10c; doz., \$1.00.**

BARON HULOT. The most distinct of all purple and blue varieties, large spikes and is a good sort, for contrasting with yellow sorts. **Each, 15c; doz., \$1.50.**

HALLEY. It is the earliest variety we offer and large open flowers of very fine form; color salmon-pink. **Each, 10c; doz., \$1.00.**

HILDA. A very attractive shade of carmine-red, very tall spikes. **Each, 12c; doz., \$1.25.**

LOVELINESS. Very large flowers and sturdy tall spike, one of the foremost Gladioli; color creamy-white. **Each, 20c; doz., \$1.75.**

MISS GLADYS HARKNESS. A pure white Gladioli and far superior to the average white. **Each, 15c; doz., \$1.50.**

MRS. FRANCIS KING. Coppery red. Very large flowers and one of the tallest spikes. Excellent cut-flower. **Each, 12c; doz., \$1.25.**

NIAGARA. A charming variety of a delicate creamy yellow lightly marked and splashed with rosy-carmine in throat. **Each, 12c; doz., \$1.25.**

PANAMA. A favorite wherever high-grade Gladioli are grown; color rich rose-pink and very sturdy spikes. **Each, 15c; doz., \$1.50.**

PINK BEAUTY. One of the earliest varieties, small flower very attractive; color deep pink with carmine blotch on lower petal. **Each, 12c; doz., \$1.25.**

PINK PERFECTION. This is one of the finest Gladioli we offer. Color a perfect pink and rather delicate. One of the tallest grown and an extremely large size flower. **Each, 20c; doz., \$1.75.**

SCHWABEN. Pure canary yellow. This is similar to the above and flowers fully as large. The best yellow cut-flower of all. **Each, 20c; doz., \$1.75.**

SPECIAL COLLECTION OF CHOICE NAMED GLADIOLI
3 of each of the above 12 named varieties (36 bulbs) \$4.00
6 of each of the above 12 named varieties (72 bulbs) 7.50
12 of each of the above 12 named varieties (144 bulbs) 14.50
25 of each of the above 12 named varieties (300 bulbs) 28.00

WHITE GIANT. The finest and largest positively pure white Gladioli known. The spike is very high; flowers from 6 to 7 inches in diameter, and a lot out at the same time. Supply limited. **Each, 40c; doz., \$4.00; 100, \$30.00.**

Any variety which we offer can be bought by the 100 at the following rates:

\$1.00 a doz.—\$7.00 per 100;	\$1.25 a doz.—\$9.00 per 100
1.50 a doz.—10.00 per 100;	1.75 a doz.—12.00 per 100

We can ship Gladioli until May 15th, after which time all our bulbs will be in the ground.

Hardy Flowering Deciduous Shrubs

Irregular massing makes the most picturesque method of shrub planting. The permanent value and beauty of Deciduous Shrubs was never better understood than at the present time. The collection of shrubs which we offer make a continuous succession of bloom from April when the Forsythia displays its brilliant golden-yellow flowers to welcome the returning birds until the frost again nips the very latest to bloom.

ALTHEA (Rose of Sharon). A showy and beautiful flowering shrub. Very desirable on account of its blooming in August and September.

Paeoniiflora. This is a very fine variety, blue with semi-double flowers.

Spectosa. A pink variety of very fine form.

2 to 3 feet—Each, 50c; ten, \$4.00.

3 to 4 feet—Each, 75c; ten, \$6.00.

CORNUS, *Rubra*. (Flowering Dogwood.) This is a very fine improved variety of the Dogwood. Sometimes called the pink dogwood. It grows rather tall, having an abundance of flowers of bright pink.

3 to 4 feet—Each, \$1.50; ten, \$13.00.

4 to 5 feet—Each, \$2.50; ten, \$22.00.

5 to 6 feet—Each, \$3.50; ten, \$30.00.

CYDONIA. (Japanese Flowering Quince.) A very showy, popular shrub which blooms profusely in the early spring, flowers dazzling scarlet. Fine hedge plant.

2 to 3 feet—Each, 50c; ten, \$4.00.

DEUTZIA, *Gracilis*. Fine, hardy shrub, forming round and compact mass of white in June. Makes a pretty hedge.

Crenata. Flowers double white, tinged with pink bloom in June.

Lemoinei. Rather a dwarf variety, large cluster of graceful white, flowers freely produced.

2 to 2½ feet—Each, 50c; ten, \$4.00.

EXOCHORDA, *Grandiflora*. Pearl Bush. A first-class bush, producing white flowers in May. One of the finest shrubs in its season.

4 to 5 feet—Each, 50c; ten, \$6.50.

FORSYTHIA, *Fortunei*. Golden Bell. One of the most popular flowering shrubs and one of the first to bloom in the spring, golden flowers in April.

3 to 4 feet—Each, 50c; ten, \$4.00.

GOLDEN ELDER. Does best in bright sun, golden-yellow foliage.

3 to 4 feet—Each, 50c; ten, \$4.00.

HYDRANGEA, *Arborescens Grandiflora*. Foliage green, bluish underneath. Flowers June and July. Very attractive.

2 to 3 feet—Each, 50c; ten, \$4.00.

LONICERA or **BUSH HONEYSUCKLE**, *Tatarica* *Rosa*. (Tatarian Honeysuckle.) Red flowering honeysuckle. Beautiful shrub and produces large, bright red flowers, striped with white, in June.

3 to 4 feet—Each, 50c; ten, \$4.00.

Philadelphus—Mock Orange

PHILADELPHUS, *Grandiflora*. Mock orange of large, creamy-white flowers; vigorous shrub; has fine, large foliage. Very popular.

4 to 5 feet—Each, 50c; ten, \$4.00.

PRUNUS, *Pissardii*. Purple Leaved Plum. Vigorous, upright growth; foliage maroon-red, very handsome, from early spring to late fall.

6 to 8 feet—Each, \$1.00; ten, \$8.50.

SPIREA, *Anthony Waterer*. A new crimson flowering variety. It makes one of the best dwarf flowering plants. Compact bush, 2 or 3 feet high, covered from spring until late in the fall with large heads of deep crimson flowers. Perfectly hardy.

2 to 3 feet—Each, 60c; ten, \$5.00.

Prunifolia. Bridal Wreath. Very beautiful; its flowers are double and like white daisies.

2 to 3 feet—Each, 50c; ten, \$4.00.

Van Houttei. Forms a graceful pendulous bush 6 feet high, when in bloom it is a complete fountain of white flowers, the foliage hardly showing. It is perfectly hardy.

3 to 4 feet—Each, 50c; ten, \$4.00.

WEIGELA, *Eva Rathke*. Remarkably free bloomer; flowers very distinct in color—rich, reddish purple. Different from other sorts. Excellent.

Rosa. Flowers of good size, delicate blushed rosy-pink, large sized shrub, blooms June and July.

2 to 3 feet—Each, 60c; ten, \$5.00.

WHITE SNOWHERRY. Slender shrub, bearing clusters of waxy-white berries late in the fall. Very good for massing.

4 to 5 feet—Each, 50c; ten, \$4.00.

We can make those not familiar with the different names of Shrubs a SPECIAL OFFER of the above named shrubs (20). These are picked out as 20 of the best Deciduous Ornamental Flowering shrubs grown in America.

1 of each of the above 20 kinds (20 shrubs).....\$13.00
10 of each of the above 20 kinds (200 shrubs).....115.00

Hedge Plants

JAPANESE BARBERRY, *Thunbergii*. We particularly recommend to our patrons this shrub for a hedge plant. Its hardiness and bushiness promise to make it the most popular hedge. The foliage turns a beautiful copper color in the fall and beautiful red berries remain on all winter.

1 to 1½ feet—Each, 20c; 100, \$15.00; 1000, \$125.00.

Spiraea Van Houttei

Small Fruits

We are not going to offer a dozen or so varieties of the different kinds of small fruits. Only those that are the best.

CURRENTS. *Perfection.* The latest introduction. Berries bright red and very large. The bunches are long and in quality it is said to be superior to anything on the market today, being of a rich, mild sub-acid flavor with plenty of pulp and few seeds. **Each, 75c; doz., \$7.50.**

GOOSEBERRIES. *Downing.* Very popular and one of the best Gooseberries. Large and handsome pale green berry of splendid quality for dessert or cooking. Bush vigorous and exceedingly productive. An excellent variety for family use or for the market. **Each, 35c; doz., \$3.50; 100, \$25.00.**

GRAPES. *Concord.* Too well known to need much description, it is considered by many the best all-around grape. Extremely hardy, vigorous and productive; bunches large and compact.

1-year-old No. 1. **Each, 25c; doz., \$2.50; 100, \$18.00.**

2-year-old No. 1. **Each, 45c; doz., \$4.00; 100, \$33.00.**

RASPBERRY. *St. Regis (Red).* This is the everbearing Raspberry, bearing the first season. The berries are large and beautiful and full flavored to the very last. The St. Regis is the only raspberry, as far as known, that is practically sure to produce a crop the season it is planted. **Doz., \$1.75; 100, \$12.00.**

Cuthbert. (Red.) A strong grower and very productive, large, bright red, firm, of very fine quality. Medum late, good for market or home use. It is doing well everywhere. **Doz., \$1.70; 100, \$7.00.**

STRAWBERRIES. *Progressive Everbearing.* This is an everbearing sort. It bears a crop the first year it is planted. Fruit large, sweet and of the choicest flavor. Plant it and you will have berries from June to November. **Doz., 75c; 100, \$5.00.**

Brandywine. A very popular strawberry. Large berries, very productive, firm and firm berries from medium to late in season. **Doz., 45c; 100, \$3.00.**

NUT TREES—Gather More Than a Crop of Leaves

When you consider the uses of a Walnut tree, it can easily be seen that there are many more uses than just for the fruit it bears. Walnut trees are very valuable for lumber alone. The best lumber you can buy today is Walnut. Why not raise trees for several purposes, such as the Native Black Walnuts or Royal Walnut, which is a cross between the Eastern Black Walnut and the California Black Walnut which is a very rapid grower. These trees are second to none as a shade and ornamental tree.

These trees can be planted in the back yard or on the roadside where they make a splendid showing. It would be a fine investment to plant them where an old orchard stood, or something of the kind. Walnut trees do not necessarily have to have highly fertilized land, they will grow anywhere, but of course the richer the land the faster they will grow.

The Miracle Chestnut. This tree is a Burbank production. The most wonderful of all known chestnuts. Bear the first year, superior large, sweet chestnuts.

Some people think it takes too long for a nut tree to bear. Here is an example: The Miracle Chestnut often bears the same year it is planted. The Japan Walnut will bear the third or fourth year if planted in good soil. The Black Walnut often bears at five years.

Don't believe the man who says it can't be done. You can do it yourself. Add beauty, usefulness and value to your home by planting a few valuable trees. We take the pleasure of offering the following:

	Feet	Each	Doz.
Native Black Walnuts, 2-3		\$0.50	\$ 5.00
Native Black Walnuts, 3-5		1.00	10.00
Native Black Walnuts, 5-7		2.00	20.00
Native Black Walnuts, 7-10		3.00	
Royal Walnuts, 2-3		1.00	10.00
Royal Walnuts, 3-5		2.00	20.00
Royal Walnuts, 5-7		1.00	10.00
Japan Walnuts, 2-3		2.00	20.00
Japan Walnuts, 3-5		2.00	20.00
Miracle Chestnuts, 2-3		1.00	10.00
Miracle Chestnuts, 3-4		1.50	15.00

Hybrid Tea Roses

The Clinton Nurseries has made up one of the finest collections of Roses for bedding or Rose Gardens. The Hybrid Tea Rose is, no doubt, the most popular species of Hardy Rose. However, we have found that in this latitude it is necessary to draw up about 8 to 10 inches of soil around the base of the plant, then covering the entire bed after the ground begins to freeze with some strawy manure, evergreen boughs or cornstalks for winter protection.

We offer 12 leading varieties of 2-year-old rose bushes, which we offer only in a collection.

Collection A—
6 plants in 6 of the best named varieties\$5.50

Collection B—
12 plants in 12 of the best named varieties10.50

Collection C—
12 plants in 6 of the best named varieties10.00

Collection D—
12 plants in 12 of the best named varieties19.00

If any larger quantities are wanted, we will be glad to correspond with you.
